

PUBLIC NOTICE

PUBLIC NOTICE OF PROPOSED SOIL AND GROUNDWATER CLEANUP

In accordance with Arizona Administrative Code R18-12-264.01, the Arizona Department of Environmental Quality (ADEQ) is providing notice that a Corrective Action Plan (CAP), submitted by Arizona Department of Administration, Risk Management Section, on March 15, 2007, has been proposed for the remediation (i.e. cleanup) of soils and groundwater that have been contaminated with petroleum as a result of a leaking Underground Storage Tank (UST) system at the following facility:

LUST No. 5051.01-.02
Facility ID No. 0-000196
Maricopa County

Arizona Department of Public Safety
Old State Route 87 Milepost 221
Sunflower, Arizona

Soil Excavation and Oxygen Injection

Contaminated soil at the referenced site will be excavated and transported to a permitted treatment or disposal facility and clean fill material will be used to fill the excavation. Groundwater at the referenced site will be remediated by injecting gaseous oxygen into several wells that will stimulate indigenous bacteria to use petroleum contaminants as their food source, eventually significantly reducing or eliminating the contaminants from the site. To evaluate the effectiveness of the remediation, periodic monitoring of contaminant levels will be required by ADEQ. Once contaminant levels decrease to below cleanup standards, the site will be eligible for closure.

A copy of the CAP is available for review during normal business hours at the ADEQ Records and Library Review Area, 1110 W. Washington Street, Ste. 140, Phoenix, AZ 85007 and at the Fountain Hills Public Library, 12901 North La Montana Drive, [Fountain Hills](#), AZ 85268. ADEQ encourages public participation in UST corrective actions and welcomes comments on the proposed CAP. A public comment period is in effect from July 9, 2007 to August 15, 2007. Comments should be submitted in writing to ADEQ Tank Programs Division Corrective Action Section/SIRU I, Attention: Tim Levandowsky, 1110 W. Washington Street, Phoenix, AZ 85007. If sufficient public interest has been demonstrated during the public comment period, ADEQ will announce and hold a public meeting. ADEQ will respond to comments in writing, following the public comment period. For more information on this notice, please call David Pettigrew at (602) 771-4256 or (800) 234-5677, ext.771-4256.
